LEVEL OF EFFORT (COST TYPE CONTRACT)(JUN 1995)

(a) The level of effort for the performance of this contract during the period from the start of contract performance to 12 months thereafter

CONTRACT NO. N00178-05-D-4207	DELIVERY ORDER NO. FK01	PAGE 3 of 32
----------------------------------	----------------------------	-----------------

is based upon 8,320 estimated manhours of direct labor. If all option periods and quantities are exercised by the government, the level of effort for the performance of this contract will be increased by an additional 33,280 estimated manhours of direct labor, for a total level of effort of 41,600 estimated manhours of direct labor (hereinafter referred to as the "Estimated Total Hours").

(b) The estimated composition by labor category of the Estimated Total Hours is as follows:

Labor Category	BASE YEAR (2008)	OPTION YEAR 1 (2009)	OPTION YEAR 2 (2010)	OPTION YEAR 3 (2011)	OPTION YEAR 4 (2012)
Aviation Operations Test Analyst	2080	2080	2080	2080	2080
Aviation Operation Test Analyst	2080	2080	2080	2080	2080
Surface Warfare Test Analyst	2080	2080	2080	2080	2080
C4ISR Military Test Analyst	2080	2080	2080	2080	2080
Total Labor	8,320	8,320	8,320	8,320	8,320

(c) No overtime is authorized under this task order.

(d) The number of manhours expended per month shall be commensurate with the effort ordered and the required delivery date of such effort. The number of manhours expended per month may fluctuate in pursuit of the technical objective, provided that such fluctuation does not result in the utilization of the total manhours of effort prior to the expiration of the term thereof. The number of manhours for any labor category may be utilized by the contractor for any other labor category if necessary in performance of the contract.

(e) The contractor shall not be obligated to continue performance beyond the Estimated Total Hours, except that the Contracting Officer may require the contractor to continue performance in excess of the Estimated Total Hours until the total estimated cost has been expended. The government will not be obligated to pay fee on any hours expended in excess of the Estimated Total Hours. Any hours expended in excess of the Estimated Total Hours shall be excluded from all fee computations and adjustments. The Contracting Officer may also require the contractor to continue performance in excess of the total estimated cost until the Estimated Total Hours have been expended. In no event, however, will the Contracting Officer, pursuant to this paragraph (e), require the contractor to continue performance in excess of the Estimated Total hours if the Contracting Officer is requiring or has required the contractor to continue performance in excess of the total estimated cost. Nor will the Contracting Officer, pursuant to this paragraph (e), require the contractor to continue performance in excess of the total estimated cost if the Contracting Officer is requiring or has required the contractor to continue performance in excess of the Estimated Total Hours. The Contracting Officer may extend the period of performance in order to expend either the total estimated cost or the Estimated Total Hours. If this contract is subject to the Service Contract Act, in no event will the Contracting Officer, pursuant to this paragraph (e), extend the period of performance such that the period of performance, as extended, will exceed five years.

(f) If at any time during the performance of this contract the contractor expends in excess of 85% of the available estimated manhours of direct labor, the contractor shall immediately notify the Contracting Officer in writing. Nothing herein shall be construed to alter or waive any of the rights or obligations of either party pursuant to the clause entitled "Limitation of Cost" and/or "Limitation of Funds."

LEVEL OF EFFORT - DELIVERY/TASK ORDER PERFORMANCE (OCT 1992)

It is understood and agreed that the number of hours and the total dollar amount for each labor category specified in any delivery/task order issued under this contract are estimates only and shall not limit the use of hours or dollar amounts in any labor category which may be required and provided for under an individual delivery/task order. Accordingly, in the performance of any delivery/task order, the contractor shall be allowed to adjust the quantity of labor hours provided for within labor categories specified in the order provided that in so performing the contractor shall not in any event exceed the ceiling price restrictions of any order, including modifications thereof.

PAYMENT OF FIXED FEE (INDEFINITE DELIVERY, COST PLUS FIXED FEE) (OCT 1992)

See the below chart for the applicable fixed fee for work performed under this task order provided the required number of hours shown in the below chart are employed by the contractor in performance of this task order. If substantially fewer than the required number of hours shown in the below chart of said services are so employed, the fixed fee shall be equitably reduced to reflect the reduction of work. The Government shall make monthly payments of the fixed fee at the rate shown in the below chart per direct labor hour invoiced by the contractor. All payments shall be in accordance with the provisions of FAR 52.216-8, "Fixed Fee," and FAR 52.216-7, "Allowable Cost and Payment." The total of all such payments shall not exceed eighty-five (85%) percent of the fixed fee specified under each applicable delivery/task order. Any balance of fixed fee due the contractor shall be paid to the Contractor, and any over-payment of fixed fee shall be repaid to the Government by the Contractor, or otherwise credited to the Government at the time of final payment.

"LIMITATION OF LIABILITY -TASK ORDER FUNDING MANAGEMENT"

This contract is fully funded and the amount currently available for payment hereunder is limited to \$795,866.22. It is estimated that these funds will cover the cost of performance through 19 November 2009. Subject to the provisions of the clause entitled "Contract Funding Management" no legal liability on the part of the Government for payment in excess of \$795,866.22 shall arise unless additional funds are made available and are incorporated as a modification to this contract.

QUALITY ASSURANCE SURVEILLANCE PLAN

For

ANALYTICAL OPERATIONAL TEST AND EVALUATION SUPPORT SERVICES

For

CVN-21

COMOPTEVFOR NORFOLK, VA

1. PURPOSE

This Quality Assurance Surveillance Plan (QASP) is a Government developed and applied document used to make sure that systematic quality assurance methods are used in the administration of the Performance Based Service Contract (PBSC) standards included in this contract. The intent is to ensure that the Contractor performs in accordance with performance metrics set forth in the contract documents, that the Government receives the quality of services called for in the contract and that the Government only pays for the acceptable level of services received.

2. AUTHORITY

Authority for issuance of this QASP is provided under FAR 52.246-5 – Inspection of Services, which provides for inspections and testing of all services and documentation called for in task orders to be accomplished by the Contracting Officer or his duly authorized representative.

3. SCOPE

The Contractor, and not the Government, is responsible for management and quality control actions necessary to meet the quality standards set forth by the contract. The QASP is put in place to provide Government *surveillance* oversight of the Contractor's quality control efforts to *assure* that they are timely, effective and are delivering the results specified in the contract. The QASP is not a part of the contract nor is it intended to duplicate the Contractor's Management Plan. The Government may provide the Contractor an information copy of the QASP as an Attachment to the solicitation to support the Contractor's efforts in developing its

CONTRACT NO. N00178-05-D-4207	DELIVERY ORDER NO. FK01	PAGE 14 of 32
----------------------------------	----------------------------	------------------

plan for maintaining the levels of quality anticipated to be delivered under the terms of the contract.

4. RESPONSIBILITIES

The Government resources shall have responsibilities for the implementation of this QASP as follows:

Contracting Officer – The Contracting Officer ensures performance of all necessary actions for effective contracting, ensures compliance with the terms of the contract and safeguards the interests of the United States in the contractual relationship. It is the Contracting Officer that assures the Contractor receives impartial, fair, and equitable treatment under the contract. The Contracting Officer is ultimately responsible for the final determination of the adequacy of the Contractor’s performance.

Task Order Manager (TOM) - The TOM is responsible for technical administration of the project and assures proper Government surveillance of the Contractor’s performance. The TOM is not empowered to make any contractual commitments or to authorize any contractual changes on the Government’s behalf. Any changes that the Contractor deems may affect contract, price, terms, or conditions shall be referred to the Contracting Officer for action.

5. METHODS OF QA SURVEILLANCE

The below listed methods of surveillance shall be used in the administration of this QASP.

Customer Feedback – Customer feedback may be obtained from random customer complaints. Appropriate forms will be made available by the TOM for the patrons. The TOM shall have sole custody of the suggestion box. Customer complaints, to be considered valid, must set forth clearly and in writing the detailed nature of the complaint, must be signed and must be forwarded to the TOM.

Inspections – Each phase of the services rendered under the contract is subject to Government inspection during the Contractor’s operations and after completion of a task. Inspections may be routine functions performed by the TOM, or performed by others outside of the COMOPTEVFOR command. The Contractor shall not substitute Government inspection for effective quality control. Government inspections may be conducted in an unannounced manner by the TOM or other individuals designated outside the COMOPTEVFOR organization. The TOM shall maintain a Contract Discrepancy Report (CDR), a copy of which will be provided to the Contractor. Within three days, the Contractor shall reply in writing to CDR(s) by stating reason(s) for unsatisfactory performance(s) and shall identify the corrective action(s) that will be taken to prevent recurrence(s).

Performance Evaluation Meetings – During the first two months of the contract, the Contractor’s Project Manager will meet weekly with the TOM. Such meetings will be conducted at least monthly thereafter. The purpose of these meetings will be to review the Contractor’s performance and to will include the issuance of any CDR(s) issued during the period. A mutual effort will be made to resolve all problems identified.

CONTRACT NO. N00178-05-D-4207	DELIVERY ORDER NO. FK01	PAGE 15 of 32
----------------------------------	----------------------------	------------------

6. DOCUMENTATION

The TOM will, in addition to providing documentation to the Contracting Officer, maintain a complete Quality Assurance file. All such records will be retained for the life of this contract. Information in the Quality Assurance file will be considered when completing the annual Contractors Performance Assessment Reporting Systems report.

SECTION H SPECIAL CONTRACT REQUIREMENTS

H1-CONTRACT FUNDING MANAGEMENT

Contract Funding Management

(a) The parties estimate that performance of this contract will not cost the Government more than the Not-To-Exceed (NTE) amount specified in the Contract, unless first otherwise modified in writing by the Contracting Officer. The Contractor agrees to use its best efforts to perform the work specified in the Contract and all obligations under this Contract within the estimated cost.

(b) The Contract specifies the amount of funding presently available for payment by the Government and allotted to this Contract and the period of performance it is estimated the allotted amount will cover. The parties contemplate that the Government intends to allot additional funds to the Contract up to the NTE amount the Government specified in the Schedule, but the allotment of additional funding to this Contract is not guaranteed. The Contractor agrees to perform, or have performed, work on the contract up to the point at which the total amount paid and payable by the Government under the contract approximates but does not exceed the total amount actually allotted by the Government to the Contract. The Government's obligation under this Contract is expressly limited to the amount of appropriated funds allotted to this Contract. No legal liability on the part of the Government for any payment exceeding the funds allotted to the Contract may arise until and unless the Contracting Officer allots additional funding to the Contract.

(c) The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that the costs it expects to incur under this Contract in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of the total amount so far allotted to the Contract by the Government. The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the Schedule.

(d) Sixty days before the end of the period specified in the Contract, the Contractor shall notify the Contracting Officer in writing of the estimated amount of additional funds, if any, required to continue timely performance under the Contract or for any further period specified in the Schedule or otherwise agreed upon, and when the funds will be required.

(e) If, after notification, additional funds are not allotted by the end of the period specified in the Contract or another agreed-upon date, upon the Contractor's written request the Contracting Officer will terminate this Contract on that date in accordance with the provisions of the Termination clause of this contract. If the Contractor estimates that the funds available will allow it to continue to discharge its obligations beyond that date, it may specify a later date in its request, and the Contracting Officer may terminate this contract on that later date.

(f) Except as required by other provisions of this Contract, specifically citing and stated to be an exception to this clause --

(1) The Government is not obligated to reimburse the Contractor for costs incurred in excess of the total amount allotted by the Government to this Contract; and

(2) The Contractor is not obligated to continue performance under this Contract (including actions under the Termination clause of this contract) or otherwise incur costs in excess of the amount then allotted to the contract by the Government.

(g) No notice, communication, or representation in any form other than that specified above, or from any person other than the Contracting Officer, shall affect the amount allotted by the Government to this Contract. In the absence of the specified notice, the Government is not obligated to reimburse the Contractor for any costs in excess of the total amount allotted by the Government to this Contract, whether incurred during the course of the Contract or as a result of termination.

(h) When and to the extent that the amount allotted by the Government to the Contract is increased, any costs the Contractor incurs before the increase that are in excess of the amount previously allotted by the Government shall be

CONTRACT NO. N00178-05-D-4207	DELIVERY ORDER NO. FK01	PAGE 23 of 32
----------------------------------	----------------------------	------------------

allowable to the same extent as if incurred afterward, unless the Contracting Officer issues a termination or other notice and directs that the increase is solely to cover termination or other specified expenses.

(i) Change orders shall not be considered an authorization to exceed the amount allotted by the Government specified in the Schedule, unless they contain a statement increasing the amount allotted.

(j) Nothing in this clause shall affect the right of the Government to terminate this Contract in accordance with FAR 52.249-6 Alt IV.

(k) Additional funding, if any, shall be added to the Contract by modification.

(l) The following schedule represents the Government's estimate for additional funding for the Contract. The schedule is provided for informational purposes only. The contractor expressly acknowledges and understands that additional funding is not presently obligated or guaranteed for the Contract.

ORGANIZATIONAL CONFLICT OF INTEREST:

(a) Purpose. This clause seeks to ensure that the contractor (1) does not obtain an unfair competitive advantage over other parties by virtue of its performance of this contract, and (2) is not biased because of its current or planned interests (financial, contractual, organizational or otherwise) that relate to the work under this contract.

(b) Scope. The restrictions described herein shall apply to performance or participation by the contractor (as defined in paragraph (d)(7)) in the activities covered by this clause.

(1) The restrictions set forth in paragraph (e) apply to supplies, services, and other performance rendered with respect to the suppliers and/or equipment subject to this contract. The contract will specify to which suppliers and/or equipment subparagraph (f) restrictions apply.

(2) The financial, contractual, organizational and other interests of contractor personnel performing work under this contract shall be deemed to be the interests of the contractor for the purposes of determining the existence of an Organizational Conflict of Interest. Any subcontractor that performs any work relative to this contract shall be subject to this clause. The contractor agrees to place in each subcontract affected by these provisions the necessary language contained in this clause.

(c) Waiver. Any request for waiver of the provisions of this clause shall be submitted in writing to the Procuring

CONTRACT NO. N00178-05-D-4207	DELIVERY ORDER NO. FK01	PAGE 24 of 32
----------------------------------	----------------------------	------------------

Contracting Officer. The request for waiver shall set forth all relevant factors including proposed contractual safeguards or job procedures to mitigate conflicting roles that might produce an Organizational Conflict of Interest.

No waiver shall be granted by the Government with respect to prohibitions pursuant to access to proprietary data.

(d) Definitions. For purposes of application of this clause only, the following definitions are applicable:

(1) "System" includes system, major component, subassembly or subsystem, project, or item.

(2) "Nondevelopmental items" as defined in FAR 2.101.

(3) "Systems Engineering" (SE) includes, but is not limited to, the activities in FAR 9.505-1(b).

(4) "Technical direction" (TD) includes, but is not limited to, the activities in FAR 9.505-1(b).

(5) "Advisory and Assistance Services" (AAS) are those services acquired from non-governmental sources to support or improve agency policy development or decision making; or, to support or improve the management of organizations or the operation of hardware systems. Such services may encompass consulting activities, engineering and technical services, management support services and studies, analyses and evaluations.

(6) "Consultant services" as defined in FAR 31.205-33(a).

(7) "Contractor", for the purposes of this clause, means the firm signing this contract, its subsidiaries and affiliates, joint ventures involving the firm, any entity with which the firm may hereafter merge or affiliate, and any other successor or assignee of the firm.

(8) "Affiliates," means officers or employees of the prime contractor and first tier subcontractors involved in the program and technical decision-making process concerning this contract.

(9) "Interest" means organizational or financial interest.

(10) "Weapons system supplier" means any prime contractor or first tier subcontractor engaged in, or having a known prospective interest in the development, production or analysis of any of the weapon systems, as well as any major component or subassembly of such system.

(e) Contracting restrictions.

[x] (1) To the extent the contractor provides systems engineering and/or technical direction for a system or commodity but does not have overall contractual responsibility for the development, the integration, assembly and checkout (IAC) or the production of the system, the contractor shall not (i) be awarded a contract to supply the

CONTRACT NO. N00178-05-D-4207	DELIVERY ORDER NO. FK01	PAGE 25 of 32
----------------------------------	----------------------------	------------------

system or any of its major components or (ii) be a subcontractor or consultant to a supplier of the system or of its major components. The contractor agrees that it will not supply to the Department of Defense (either as a prime contractor or as a subcontractor) or act as consultant to a supplier of, any system, subsystem, or major component utilized for or in connection with any item or other matter that is (directly or indirectly) the subject of the systems engineering and/or technical direction or other services performed under this contract for a period of 30 days after the date of completion of the contract. (FAR 9.505-1(a))

(2) To the extent the contractor prepares and furnishes complete specifications covering nondevelopmental items to be used in a competitive acquisition, the contractor shall not be allowed to furnish these items either as a prime contractor or subcontractor. This rule applies to the initial production contract, for such items plus a specified time period or event. The contractor agrees to prepare complete specifications covering non-developmental items to be used in competitive acquisitions, and the contractor agrees not to be a supplier to the Department of Defense, subcontract supplier, or a consultant to a supplier of any system or subsystem for which complete specifications were prepared hereunder. The prohibition relative to being a supplier, a subcontract supplier, or a consultant to a supplier of these systems of their subsystems extends for a period of 30 days after the terms of this contract. (FAR 9.505-2(a)(1))

(3) To the extent the contractor prepares or assists in preparing a statement of work to be used in competitively acquiring a system or services or provides material leading directly, predictably and without delay to such a work statement, the contractor may not supply the system, major components thereof or the services unless the contractor is the sole source, or a participant in the design or development work, or a contractor involved in preparation of the work statement. The contractor agrees to prepare, support the preparation of or provide material leading directly, predictably and without delay to a work statement to be used in competitive acquisitions, and the contractor agrees not to be a supplier or consultant to a supplier of any services, systems or subsystems for which the contractor participated in preparing the work statement. The prohibition relative to being a supplier, a subcontract supplier, or a consultant to a supplier of any services, systems or subsystems extends for a period of 30 days after the terms of this contract. (FAR 9.505-2(a)(1))

(4) To the extent work to be performed under this contract requires evaluation of offers for products or services, a contract will not be awarded to a contractor that will evaluate its own offers for products or services, or those of a

CONTRACT NO. N00178-05-D-4207	DELIVERY ORDER NO. FK01	PAGE 26 of 32
----------------------------------	----------------------------	------------------

competitor, without proper safeguards to ensure objectivity to protect the Government's interests. Contractor agrees to the terms and conditions set forth in the Statement of Work that are established to ensure objectivity to protect the Government's interests. (FAR 9.505-3)

(5) To the extent work to be performed under this contract requires access to proprietary data of other companies, the contractor must enter into agreements with such other companies which set forth procedures deemed adequate by those companies (i) to protect such data from unauthorized use or disclosure so long as it remains proprietary and (ii) to refrain from using the information for any other purpose other than that for which it was furnished. Evidence of such agreement(s) must be made available to the Procuring Contracting Officer upon request. The contractor shall restrict access to proprietary information to the minimum number of employees necessary for performance of this contract. Further, the contractor agrees that it will not utilize proprietary data obtained from such other companies in preparing proposals (solicited or unsolicited) to perform additional services or studies for the United States Government. The contractor agrees to execute agreements with companies furnishing proprietary data in connection with work performed under this contract, obligating the contractor to protect such data from unauthorized use or disclosure so long as such data remains proprietary, and to furnish copies of such agreement to the Contracting Officer. Contractor further agrees that such proprietary data shall not be used in performing for the Department of Defense additional work in the same field as work performed under this contract if such additional work is procured competitively. (FAR 9.505-4(b))

(6) Preparation of Statements of Work or Specifications. If the contractor under this contract assists substantially in the preparation of a statement of work or specifications, the contractor shall be ineligible to perform or participate in any capacity in any contractual effort (solicited or unsolicited) that is based on such statement of work or specifications. The contractor shall not incorporate its products or services in such statement of work or specifications unless so directed in writing by the Contracting Officer, in which case the restrictions in this subparagraph shall not apply. Contractor agrees that it will not supply to the Department of Defense (either as a prime contractor or as a subcontractor) or act as consultant to a supplier of, any system, subsystem or major component utilized for or in connection with any item or work statement prepared or other services performed or materials delivered under this contract, and is procured on a competitive basis, by the Department of Defense with 30 days after completion of work under this contract. The provisions of this clause shall not apply to any system,

----------------------------------	----------------------------	------------------

subsystem, or major component for which the contractor is the sole source of supply or which it participated in designing or developing. (FAR 9.505-4(b))

[x] (7) Advisory and Assistance Services (AAS). If the contractor provides AAS services as defined in paragraph (d) of this clause, it shall be ineligible thereafter to participate in any capacity in Government contractual efforts (solicited or unsolicited) which stem directly from such work, and the contractor agrees not to perform similar work for prospective offerors with respect to any such contractual efforts. Furthermore, unless so directed in writing by the Contracting Officer, the contractor shall not perform any such work under this contract on any of its products or services, or the products or services of another firm for which the contractor performs similar work. Nothing in this subparagraph shall preclude the contractor from competing for follow-on contracts for AAS.

[x] (8) To the extent work performed under this contract may be subject to 10 U.S.C. 2399, the contractor agrees to comply with 10 U.S.C. 2399

(f) Remedies. In the event the contractor fails to comply with the provisions of this clause, such noncompliance shall be deemed a material breach of the provisions of this contract. If such noncompliance is the result of conflicting financial interest involving contractor personnel performing work under this contract, the Government may require the contractor to remove such personnel from performance of work under this contract. Further, the Government may elect to exercise its right to terminate for default in the event of such noncompliance. Nothing herein shall prevent the Government from electing any other appropriate remedies afforded by other provisions of this contract, or statute or regulation.

(g) Disclosure of Potential Conflicts of Interest. The contractor recognizes that during the term of this contract, conditions may change which may give rise to the appearance of a new conflict of interest. In such an event, the contractor shall disclose to the Government information concerning the new conflict of interest. The contractor shall provide, as a minimum, the following information:

- (1) a description of the new conflict of interest (e.g., additional weapons systems supplier(s), corporate restructuring, new first-tier subcontractor(s), new contract) and identity of parties involved;
- (2) a description of the work to be performed;
- (3) the dollar amount;
- (4) the period of performance; and

CONTRACT NO. N00178-05-D-4207	DELIVERY ORDER NO. FK01	PAGE 28 of 32
----------------------------------	----------------------------	------------------

(5) a description of the contractor's internal controls and planned actions, to avoid any potential organizational conflict of interest.

5252.237-9400 SUBSTITUTION OR ADDITION OF PERSONNEL (JAN 1992) (NAVSUP)

(a) The Contractor agrees to assign to the contract those persons whose resumes, personnel data forms, or personnel qualification statements were submitted as required by Section L to fill the requirements of the contract. No substitution or addition of personnel shall be made, except in accordance with this clause.

(b) The Contractor agrees that: during the first thirty days, no personnel substitutions will be permitted unless such substitutions are necessitated by an individual's sudden illness, death, or termination of employment. In any of these events, the Contractor shall promptly notify the Contracting Officer and provide the information required by paragraph (d) below.

(c) If personnel for whatever reason become unavailable for work under the contract for a continuous period exceeding 30 working days, or are expected to devote substantially less effort to the work than indicated in the proposal, the Contractor shall propose a substitute of such personnel, in accordance with paragraph (d) below.

(d) All proposed substitutions shall be submitted, in writing, to the Contracting Officer at least 15 days (30 days if a security clearance must be obtained) prior to the proposed substitution. Each request shall provide a detailed explanation of the circumstances necessitating the proposed substitution, a complete resume for the proposed substitute, and any other information required by the Contracting Officer to approve or disapprove the proposed substitution. All proposed substitutes (no matter when they are proposed during the performance period) shall have qualifications that are equal or higher than the qualifications of the person being replaced.

(e) In the event of a requirement to increase the specified level of effort for a designated labor category, but not the overall level of effort of the contract occurs, the Contractor shall submit to the Contracting Officer a written request for approval to add personnel to the designated labor category. The information required is the same as that required in paragraph (d) above. The additional personnel shall have qualifications greater than, or equal to, at least one (1) of the individuals proposed for the designated labor category.

(f) The Contracting Officer shall evaluate requests for substitution and addition of personnel and promptly notify the Contractor, in writing, of whether the request is approved or disapproved.

(g) If the Contracting Officer determines that suitable and timely replacement of personnel who have been reassigned, terminated, or have otherwise become unavailable to perform under the contract is not reasonably forthcoming, or that the resultant reduction of productive effort would impair the successful completion of the contract or the delivery order, the contract may be terminated by the Contracting Officer for default, or for the convenience of the Government, as appropriate. Alternatively, at the Contracting Officer's discretion, if the Contracting Officer finds the Contractor to be at fault for the condition, he may equitably adjust (downward) the contract price or fixed fee to

compensate the Government for any delay, loss, or damage as a result of the Contractor's actions.

(End of Clause)

N00244H136 GOVERNMENT REVIEW OF RESUMES (AUG 1992) (FISC SAN DIEGO)

The Government reserves the right to review the resumes of contractor employees performing under the contract solely for the purpose of ascertaining their qualifications relative to the personnel qualifications terms of the contract. Accordingly, the contractor shall furnish such resumes to the Contracting Officer upon request by the Contracting Officer's Representative or Contracting Officer.

SECTION I CONTRACT CLAUSES

Note: All the provisions and clauses of SECTION I of the basic contract apply to this task order (unless otherwise specified in the task order) plus the following:

CLAUSES INCORPORATED BY FULL TEXT

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 5 days prior to expiration of the contract.

(End of clause)

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 7 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 14 days. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed five (5) years and six (6) month extension in accordance with FAR 52.217-8 Option To Extend Services.

(End of clause)

52.232-18 AVAILABILITY OF FUNDS (APR 1984)

Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

(End of clause)

SUP 5252.243-9400 AUTHORIZED CHANGES ONLY BY THE CONTRACTING OFFICER (JAN 1992)

(a) Except as specified in paragraph (b) below, no order, statement, or conduct of Government personnel who visit the Contractor's facilities or in any other manner communicate with Contractor personnel during the performance of this contract shall constitute a change under the "Changes" clause of this contract.

(b) The Contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer, or is pursuant to specific authority otherwise included as a part of this contract.

(c) The Contracting Officer is the only person authorized to approve changes in any of the requirements of this
